*My Remarks on the Information
conveyed within this presentation*

Definition and Characteristics of Indigo Children

1 Empathetic and Compassionate

Indigo children are known for their deep empathy and compassion towards others, often feeling a strong sense of connection to the world around them.

2 Rebellious and Independent

They often exhibit a strong desire for independence and can be seen as rebellious, particularly in traditional educational settings.

3 Inquisitive and Creative

They possess a natural curiosity about the world and tend to be highly creative, often thinking outside the box.

Actually, there are 40 characteristics of indigo children. Watch the Starseed Lounge™ Show on Rumble and Spotify

Historical Background and Origins of the Term "Indigo Children"

The New Age Movement

Indigo children were initially introduced as a concept in the new age movement of the 1970s, reflecting a shift in consciousness and spiritual awakening.

Parapsychologist Nancy Ann Tappe

The term "indigo children" was popularized by parapsychologist Nancy Ann Tappe, who claimed to have identified the unique aura colors of these individuals.

Not accurate. The indigo color is emitted by the higher chakras of the human body. The 70's identification has been made as we had the scientific tools to see what has always been there

Common Traits and Behaviors of Indigo Children

1 Sensitivity to Injustice

Indigo children are often deeply affected by social and environmental issues and have a strong desire to create positive changes in the world.

3 Strong Intuition

They have a heightened sense of intuition and are often able to perceive underlying truths and motives in various situations.

2 Resistance to Rigid Systems

They typically resist conforming to rigid structures and are known to challenge authority figures when they perceive injustice or inequality.
